

WALKER BAY SAUVIGNON BLANC, BOUCHARD FINLAYSON

Vintage

2020

Bouchard Finlayson's geographic location, lying within five kilometres of the cool Atlantic Ocean, offers the most ideal climate of the Cape for Sauvignon Blanc.

TASTING NOTE

Now bottled under screwcap to capture fresh vibrancy and minimise bottle variation, the wine shows tangy apple, fig and pineapple fruit flavours. An approachable nature and silky texture, with wet stone elements adding to overall complexity. Serve chilled and enjoy as the wine unfolds in your glass. A blend of 88.5% Sauvignon Blanc, 11.5% Semillon.

VINIFICATION DETAILS

Picking was done manually and restricted to the cooler morning hours. As soon as the grapes were delivered to the cellar, they were crushed, destemmed and lightly pressed. Following a long, cool fermentation, textural development was encouraged by a significant period of maturation on lees (sur lie).
