

PINOT NOIR, PAUL CLUVER

Vintage

2022

TECHNICAL ANALYSIS

Alcohol	Residual sugar
13.0	3.1
рН	Acidity
3.29	6.4

Currently there are 22 hectares planted to Pinot Noir on the estate, 27.6% of the total plantings. Only Burgundian clones are used for this cuvée.

TASTING NOTE

This wine has a lovely luminosity – the colour is bright crimson. The nose has delicate earthy aromas combined with red and dark berry flavours. On the palate these characteristics follow through combining with interesting savoury notes and just a touch of oak and a long lingering finish.

VINTAGE CONDITIONS

The growing season of the vines, prior and during to the 2022 harvest, consisted of moderate day temperatures and cool night temperatures which was ideal for the development of quality grapes. Harvesting the Pinot noir started on the 24th of February and finishing the 22nd of March. Picking of the grapes took place in the early hours of the morning and stored in cold storage overnight to ensure optimal quality.

VINIFICATION DETAILS

Extensive individual berry sorting was done by hand prior to crushing, followed by cold maceration at 12°-14° Celsius for 6-8 days. The fermentation was allowed to start naturally, then inoculated with selected strains of Burgundian yeast after 4-5 days to ensure a complete fermentation. During fermentation, the skin cap was punched through by hand twice a day. After fermentation and pressing, the wine was transferred to French oak barrels for malolactic fermentation and maturation. (16% new, 241% 2nd and the rest 3rd and 4th fill.) Maturation in oak was for 12 months, on the lees for the full period. After tasting and blending trials, the wine was racked (displaced using Nitrogen gas rather than pumping), assembled and prepared for bottling.
