

Greystone

GREYSTONE

PINOT GRIS, GREYSTONE

Vintage

2022

From 2019 this cuvée with 5.6g/l RS will replace the two previous Pinot Gris, one 3.9g/l the other 12.0g/l, from Greystone.

TASTING NOTE

An elegant, finely balanced, richly scented bouquet with aromas of pear, apple & quince combined with subtle hints of baking spice. The palette shows richness and concentration with opulent layers of autumnal fruits, white peach & golden kiwi. A long, luscious finish leads to a lingering salinity

VINTAGE CONDITIONS

The 2022 growing season started cool and cloudy which led to a reduction in flowering & fruit set meaning lower than average yields. An inclement summer presented challenges

throughout the growing season, however with attention to detail in the vineyards & our organic vines ability to naturally combat seasonal variation we were able to ripen the fruit evenly & harvest clean fruit showing great concentration and beautiful acidity. Fruit was harvested in the cool of the early morning to retain freshness and acidity.

VINIFICATION DETAILS

Picking decisions were taken to maximise fruit expression whilst still maintaining the delicate balance between ripeness & acidity. The fruit was gently pressed with only the free run juice going to tank & a small portion being run to neutral French oak barrels. A slow cool fermentation followed to ensure a purity of fruit & then aged on yeast lees for approximately 4 months to add texture and mouth feel. Both parcels of wine were then blended together adding different layers of texture & additional complexity to the finished wine before being estate bottled.
