

## SAUVIGNON BLANC, STEENBERG

Vintage

2023

From the 'Classic Range', the Sauvignon Blanc has a distinctive mineral core derived from the Steenberg terroir.

### TASTING NOTE

Pale-straw in colour with an ever so slight green hue, shows fresh cape gooseberry, nettle, lemon zest, granny smith apple pith, and white peach. This cool-climate Sauvignon Blanc has a sumptuous entry tied to an enduring length. The lifting acidity maintains a lively flavour on the palate with citrus blossom and quince while maintaining a distinctive mineral core derived from the Steenberg terroir.

### VINIFICATION DETAILS

The grapes were all hand-harvested in the cool, early mornings, starting at 6AM, to retain their delicate flavours. Skin maceration occurred after crushing from 8–24 hours at 10°C. The juice settled overnight, after which it was racked off clean, inoculated with yeast and allowed to ferment for up to 30 days at temperatures between 11°C – 15°C. Post fermentation; the wine lay on its fine lees for 60 – 90 days until blending, stabilising and bottling.
